

U.S. ENERGY POLICIES MUST NOT HARM WORKING FAMILIES

Anti-American energy policies **WILL:**

1

WILL: Raise the price on virtually every aspect of life for working families.

GAS PRICES

↑ **41.63%**

IN MAY 2021, CONSUMER PRICES HIT THEIR HIGHEST LEVEL IN **13 YEARS.**

RESIDENTIAL HEATING OIL PRICES

↑ **35%**

CONSUMER GOODS HAVE RISEN BY **DOUBLE-PERCENTAGES** FROM A YEAR AGO.

2

WILL: Punish the poor.

10s OF MILLIONS OF AMERICANS LIVE IN ENERGY POVERTY.

25 MILLION U.S. HOUSEHOLDS HAVE GONE WITHOUT FOOD OR MEDICINE TO PAY FOR ENERGY.

12 MILLION HAVE KEPT THEIR HOME AT UNSAFE TEMPERATURES.

3

WILL: Crush the ability of the United States to rebuild its industrial base which is fueled by U.S. natural gas.

U.S. CANNOT COMPETE WITH CHINA, WHICH IS ENDING ITS SUBSIDIES TO SOLAR AND ONSHORE WIND.

CHINA IS EXPECTED TO OVERTAKE THE U.S. IN REFINERY RUNS THIS YEAR.

4

WILL: Give the power to China, Russia and OPEC

BIDEN'S POLICIES WILL BENEFIT RUSSIA, THE #2 OIL IMPORTER TO THE U.S.

IRAN AND RUSSIA WILL BENEFIT FROM BIDEN'S FOSSIL FUEL DISARMAMENT WHILE AMERICANS PAY MORE FOR ENERGY.

5

WILL: Call on Russia and Saudi Arabia to increase production instead of U.S. energy producers.

KILLING U.S. ENERGY PRODUCTION WILL PUT THE U.S. AT THE MERCY OF OPEC AND RUSSIA.
